

## Program at Glance

Wednesday 18 October 2023

12:30	Pre-Registration	
Time	Pre-Meeting Day	
	Auditorium A	Auditorium B
13:00 - 14:30	Case Presentations Illustrating Key Orthoptic Concepts (90-min)	Review of Cataract Management
14:30 - 15:00	Coffee Break	
15:00 - 16:00	What You Need to Understand Before Making Your Career Plan? (60-min)	
16:00 - 16:15	Prayer & Coffee Break	
16:15 - 17:10		

Optometry

Saudi Young Ophthalmologist

Anterior Segment

# Program at Glance

Thursday 19 October 2023

Day 1

07:00 - 09:00 Check-in and Registration							
Time	Subspecialty				Courses		
	Auditorium A	Auditorium B	Auditorium C	Auditorium D	Meeting Room 2	Meeting Room 4	Meeting Room 5
09:30 - 11:00	KKESH Artificial Intelligence (AI) I	Cataract Surgery and Secondary IOL Implantation	Update on Non-Infectious Uveitis Treatment	Optometry	Optical Coherence Tomography Angiography: Basics and Beyond \$ (60-min)	Comprehensive Course on Glaucoma Investigations \$ (60-min)	Phaco Course Wet Lab \$ (60-min)
11:00 - 12:00	Opening Ceremony (Auditorium A)						
12:00 - 13:00	Prayer & Lunch Break						
13:00 - 14:00	King Khaled Memorial Lecture (Auditorium A)						
14:00 - 14:15	Coffee Break					Orbital Imaging \$ (90-min)	Endothelial Keratoplasty Wet Lab \$ (90-min)
14:15 - 15:15	KKESH Session Leadership	The Spectrum of Ocular Surface Disease	Surgical Retina 1	Optometry	Demystifying AI for Ophthalmologists \$ (60-min)		
15:15 - 15:35	Prayer & Coffee Break		Satellite Symposia Bayer Reducing Treatment Burden in Retinal Diseases	Prayer & Coffee Break			
15:35 - 17:05	KKESH Session National Eye Care Plan, Update and Feedback	Frontiers in Inherited Retinal Diseases (IRDs)	Saudi Young Ophthalmologist	Refractive Surgery: ICLs and Presbyopic IOLs	Vogt-Koyanagi-Harada Disease (VKH): Current Knowledge and Perspectives (60-min)	Orbital Trauma \$ (60-min)	KKESH Basic Ophthalmic Ultrasound Course \$ (90-min)
17:05 - 18:05	SOS General Assembly				Diagnosis and Management of Limbal Stem Cell Deficiency \$ (45-min)	Approach to Iris Defects \$ (60-min)	Saudi Healthcare Transformation (Eye Health Care Perspective) (40-min)
18:30 - 20:30	Satellite Symposia OSAS Medical Refractive Surgery						

KKESH Session	Anterior Segment	Uveitis	Optometry	Vitreoretinal
Glaucoma	Artificial Intelligence	Oculoplastics	Saudi Young Ophthalmologist	Saudi Transformation

# Program at Glance

Friday 20 October 2023

Day 2

Time	Subspecialty				Courses		
	Auditorium A	Auditorium B	Auditorium C	Auditorium D	Meeting Room 2	Meeting Room 4	Meeting Room 5
09:30 - 11:00	KKESH Session Endophthalmitis Course	Keratoconus	KKESH Artificial Intelligence (AI) II	Orbital	Electrophysiology \$ (60-min)	Femto CAIRS and BLT: A Revolution in the Treatment of Keratoconus \$ (60-min)	Endothelial Keratoplasty Wet Lab \$ (90-min)
11:00 - 11:30	Satellite Symposia Medical International  Implantable Collamer Lens (ICL)	Satellite Symposia Santen  Dry Eye Work Up in Refractive Laser and Lens Surgery	Satellite Symposia Amico  Discover More About ARGOS	Satellite Symposia Horizon Therapeutics  New Era in the Management of Thyroid Eye Disease			
11:30 - 13:00	Prayer & Lunch Break						
13:00 - 14:00	KKESH Session  Pediatric Ophthalmology and Strabismus Course	Challenging Clinical Round in Inherited Retinal Diseases (IRDs)	Periocular Rejuvenation	Optometry	Corneal Imaging for Refractive Surgery \$ (60-min)	Tips and Tricks of Deep Sclerectomy Surgery \$ (40-min)	Endothelial Keratoplasty Wet Lab \$ (90-min)
14:00 - 14:20		Satellite Symposia Roche  Where Two Worlds Meet?	Coffee Break				
14:20 - 15:20	Saudi Ophthalmological Society Gold Medal Lecture (Auditorium A)						
15:20 - 15:40	Announcement of Best Video and Best Poster (Auditorium A)						
	Prayer & Coffee Break						
15:40 - 17:10	Egyptian Ophthalmological Society (EOS)  Vitreoretinal	Corneal Infections and Immune Diseases	Eyelid	Choroidal Imaging in Uveitis, Local Therapies and Challenging Cases	Boost Your Research Productivity Using Artificial Intelligence \$ (2-hrs)	Autofluorescence Imaging \$ (25-min)	Yamane ISHF Technique for Secondary IOL Fixation \$ (60-min)

 <b>KKESH Session</b>	 <b>Anterior Segment</b>	 <b>Artificial Intelligence</b>	 <b>Oculoplastics</b>	 <b>Vitreoretinal</b>
 <b>Optometry</b>	 <b>Glaucoma</b>	 <b>EOS</b>	 <b>Uveitis</b>	

# Program at Glance

Saturday 21 October 2023

Day 3

Time	Subspecialty				Courses		
	Auditorium A	Auditorium B	Auditorium C	Auditorium D	Meeting Room 2	Meeting Room 4	Meeting Room 5
08:30 - 10:00	Gulf Cooperation Council (GCC)  Anterior Segment	Aesthetic	Medical Retina	Saudi Young Ophthalmologist	The DMEK MasterClass \$ (90-min)	How to Master (PTK) for Treating Corneal Opacities \$ (60-min)	Endothelial Keratoplasty Wet Lab \$ (90-min)
10:00 - 10:25	Coffee Break						
10:25 - 11:55	Keratoplasty	Pediatric Retina	Eyelid	Optometry	DALK Pearls Learnt Through Clinical Practice \$ (60-min)	Corneal Topography \$ (60-min)	Phaco Course Wet Lab \$ (60-min)
11:55 - 12:25	Satellite Symposia Saudi Services & Health Care Co.  Anterior: All in One Solution for Cornea, Refractive and Cataract Surgery						
12:25 - 13:30	Prayer & Lunch Break						
13:30 - 15:00	Cautions and Precautions of Cataract Surgery following Corneal and Phakic IOLs Refractive Surgery (90-min)	Surgical Retina II	Orbital	Syphilitic Uveitis: Eliciting Knowledge from Experts on an Emerging Disease	I-Trace Technology for Premium IOL and ICL WTW Measurement. Is It Worth It? \$ (60-min)	Basic Strabismus Surgery (Hands-on) \$ (90-min)	Phaco Course Wet Lab \$ (60-min)
15:00 - 15:30	Prayer & Coffee Break						
15:30 - 16:30	Trauma and Lacrimal	OCT Angiography in Uveitis	Refractive Surgery	Complex Cases Medical and Surgical Retina	Toric IOLs: When? How? Where Do We Go Wrong? \$ (60-min)	Basic Ophthalmic Technical Investigations (90-min)	Endothelial Keratoplasty Wet Lab \$ (90-min)
16:30 - 17:30	Closing Remarks (Auditorium A)						

 GCC	 Oculoplastics	 Vitreoretinal	 Saudi Young Ophthalmologist	 Anterior Segment
 Optometry	 Uveitis	 Pediatric	 Ophthalmic Technical Investigations
